# Bound Wizard Framework

Embed self-designed forms in configurable wizards to provide an easy way for modifying object data.

## Description

Bound Wizard Framework for [Matrix42 Workspace Management](#)

The App **Bound Wizard Framework** enables the creation of simple wizards to modify existing objects. The wizard pages can be created using the form designer.

Advantages are:

- The wizard pages can be created with the form designer
- The user defines the desired fields for display and change

To save even more time find more Wizards in the Shop like [Copy Service Wizard by Matix42](#).
