Copy to Clipboard

With the Copy to Clipboard add-on you can copy the link to the selected object or even a dynamically composed text to the clipboard with just one click.

Description

With the Copy to Clipboard add-on you can copy the link to the selected object or even a dynamically composed text to the clipboard with just one click.

The control can be quickly and easily integrated into any dialog, wizard and preview.

Copy to Clipboard

Functionality and added value at a glance:

- Automatic integration and easy configuration in Layout Designer
- Individual design options for the display of the control (icon, text, CSS style)
- Available for all Designer views (Preview, Dialog, Wizards)
- Copy the link of the selected object, e.g. a KB article, to the clipboard at the click of a button
- Copy dynamically composed text of an object to the clipboard at the click of a button
